

## TORNADOES SWEEP SEVERAL TOWNS

**Southern Kansas, North Central Oklahoma and South Missouri Damaged**

**INFORMATION MEAGER**

**Report 400 Houses Destroyed at Coal Gate, Okla., and 200 At Coffeyville, Kan.**

## DEATH TOLL MAY BE HIGH

KANSAS CITY, Mo., June 1.—Several towns and sections of southeastern Kansas, north central Oklahoma and southern Missouri were swept by tornadoes late today and early tonight. Widespread damage to places was done and only the meager information gotten out hurriedly before the last means of communication was cut off was available.

**Death Toll May Mount High.** With four hundred houses reported destroyed at Coal Gate, Okla., a town of 3500 inhabitants and possibly two hundred at Coffeyville, Kan., it was feared that the death toll at these two places might mount high when communication was restored.

One message tonight said that thirteen bodies had been counted at Coal Gate and that the business section of the town virtually was destroyed. An Iron Mountain railroad despatcher at Van Buren, Ark., reported that the operator at Coffeyville had told him more than 200 houses had been destroyed there. The wire failed after that information had been given.

Unconfirmed reports from Buffalo, Mo., told of considerable damage there. Another storm was reported to have passed between Springfield and Lebanon, Mo. All wires were down in both directions. A tornado struck Drake, Okla., at 3:15 o'clock killing five members of one family and destroying one other residence and the school. The fact that many school children were not killed was due to the presence of mind of a young school teacher who marshalled her charges into a storm cellar.

The dead at Drake: Mr. and Mrs. W. A. Williams, two daughters, Emma and Rebecca, and son Robert.

**Three Dead at Morse, Kan.** Several persons were killed, several seriously injured and much property damaged by a tornado which struck Morse, Kan., five miles south-east of Olathe, late today.

The dead at Morse: Albert Toynbee and — Toynbee, mother of Albert Toynbee, Harold Randolph, aged 9, grandson of Mrs. Toynbee. The victims were farmers.

At least twenty-five oil derricks are reported to have been blown away by a tornado which swept a path between Oilton and Drumright this afternoon. Hundreds of oil field workers are employed in the district reported in the storm's path but it is not known whether any lives were lost.

**Cherryvale, Kan., Injured 100.** A report from Cherryvale, Kan., twenty miles from Coffeyville, tonight stated that more than 100 persons were injured at Coffeyville, but that no lives had been reported lost. This report said that more than one hundred houses in the residence district were destroyed. The damage was estimated at a half million dollars in the Coffeyville-Cherryvale vicinity.

The roaring of the tornado that struck Coal Gate could be heard for six or eight miles, many witnesses who watched its progress from out of its path said.

The formation of the storm cloud was most peculiar, being described as a perpendicular pillar, swirling and twisting and reaching to a height of three miles and ending in a greenish cloud. The storm dipped to ground the watchers said.

**Five Persons Injured.** Paducah, Ky., June 1.—Five persons were injured, one probably fatally during a storm which destroyed or damaged every structure in Viola, a small town near here, early today.

**Thirty Hurt at Coffeyville.** Fort Smith, Ark., June 1.—Thirty persons were hurt, three of whom are expected to die, 150 houses were wrecked and property suffered an estimated loss of from \$100,000 to \$150,000 when a tornado struck Coffeyville, Kan., this evening, according to a telephone message 40-night.

The path of the storm was about 750 yards wide. The tornado moved from the southwest to the northeast. The business section escaped almost entirely, except a small portion where a number of small buildings were demolished.

The principal loss is confined to the residential section of the city.

**WILL NOT CELEBRATE FOURTH** Chicago, June 1.—There will be no municipal Fourth of July celebration at Riverside, a suburb, this year, it was made known today, but the town will send an ambulance to France instead.

## REVISE PLANS FOR TRAINING WAR ARMY

**Men Will Be Centered in Sixteen Cantonments**

Many of the Forces Probably Will Be Put Into Tents Instead of Wooden Barracks—Select Four of the Sixteen Cantonment Sites.

WASHINGTON, June 1.—Important revisions in the plan for training the war army have been made by the war department which announced today that the half million men to be called to the colors in September will be centered in sixteen cantonments instead of thirty two and that many of the forces previously would be put into tents instead of wooden barracks.

Lack of funds, material, labor and transportation facilities, Secretary Baker said were determining influences in the decision to reduce the number of cantonments.

**Select Four Sites.** Four of the sixteen cantonment sites provided under the new plan already have been selected and the choice of the others is expected soon. The four sites selected are at American Lake, Washn., Atlanta, Ga., Ayre, Mass., and Wrightstown, N. J.

A more plentiful supply of canvas than expected made it possible to put some of troops under tents. Army officials have preferred tenting from the start. Most of tents used probably will be placed at the southern camps. In making the announcement Secretary Baker said also that forces in excess of those which could be cared for in the sixteen cantonments would be placed under canvas. This was taken as referring to national guard divisions.

There is no indication of an intention to alter the plan for formation of sixteen divisions of the guard. The question of filling these up to war strength probably will not be settled upon until selection of men for military service in the draft army begins.

**To Draft National Guard.** Meantime the national guard units of the eastern portion of the country will be drafted into the federal army on July 15, and all of the guard units will have been drafted into service by Aug. 5. That does not mean, however, that all will have been ordered to divisional training camps at that time. Presumably the best equipped and recruited forces will be made ready first for duty abroad.

More than sixty thousand guardsmen are now engaged in police work, guarding bridges, factories and other structures and that work will have to be kept up.

The task of building a cantonment is a big one. Miles of roads, water, sewer and light construction must be put in. More than 2,000 buildings must be erected in each camp and railway connections must be established. To begin the simultaneous construction of 32 such cities officials feel would have been more than the resources of the department or of the country could have borne without seriously interrupting the ordinary course of commercial life.

## GOVERNMENT AWARDS LARGE SHOE CONTRACT

**3,450,000 Pairs for Army and Navy Announced—Total Value of Purchase Nearly \$17,000,000.**

Washington, June 1.—Contracts for 3,450,000 pairs of shoes for the army and navy were awarded today thru the national defense council. Delivery is to be completed within eight months, and the average price per pair will be \$4.85. The contracts awarded on competitive bids, were distributed among twenty seven firms. The army will get 2,500,000 pairs of the shoes and the navy 950,000. The contracts represent the largest shoe purchase ever made by the government, their total value reaching nearly \$17,000,000. Bidders submitted their estimates on the basis of options on vast quantities of leather obtained some time ago by the defense council's committee on supplies. The purpose of the options was to stabilize the leather market against heavy purchases for government account.

The army purchases included three styles of marching and field shoes. The navy buys the regulation black calf skin high cut design.

## FILE INCORPORATION PAPERS YESTERDAY

Springfield, Ill., June 1.—Incorporation papers were filed here today by the following:

Alex Newman & Co., Danville, Ill., to deal in wearing apparel, capital stock \$5,000; incorporators Louis M. Goldman, Clara Goldman and Alex Newman.

Illinois Walnut company, East St. Louis, to operate a mill and buy and sell lumber; capital stock \$50,000, incorporators W. L. Fletcher, H. L. Fletcher and C. S. Smith.

## MAY HOLD NEW ELECTIONS

Copenhagen, via London, June 1.—Austrian despatches to the German papers give the impression that the Hungarian crisis is gradually working in the direction of a dissolution of parliament and new elections. In the interim a minority ministry would hold office and Count Andrássy is mentioned as a possible head for such a cabinet. Unless the Hungarian electoral practices are changed, the cabinet in power during the elections would probably emerge with a majority.

## MEASURE WOULD REDUCE VAGRANCY

SPRINGFIELD, Ill., June 1.—A war measure to prevent idleness and reduce vagrancy was introduced by Senator Dunlap of Champaign today. It proposes to make it the duty of all able-bodied males from 16 to 50 years to be employed habitually and would make those who refused to work at least 36 hours a week guilty of a misdemeanor, punishable by sixty days work on the highway. The bill is similar to a measure in the West Virginia legislature. A bill was introduced by Senator Barr to revise the laws in relation to fees and salaries. Both were advanced to second reading without reference to a committee.

## INFORM BRUNDAGE OF WABASH INCREASE

**Court May Be Asked to Cite Company for Contempt**

Attorney General Awaiting Further Information from Chicago Office Before Proceeding Against Road—Offices of Road Confirm Report

Springfield, Ill., June 1.—Attorney General Brundage was informed this morning by Assistant Attorney General Wilkerson at Chicago that the Wabash railroad company increased its passenger rates in Illinois from 2 cents to 2.4 cents a mile at midnight Wednesday, in alleged violation of the injunction issued in Cook county. A report from a supposedly authorized spokesman of the road to the attorney general last night said there was no intention to disregard the court order.

**Awaiting Further Information.** Mr. Brundage is now awaiting further information from the Chicago office before proceeding against the Wabash. If it develops, he stated, that the road has violated the injunction, the court will be asked to cite the company for contempt.

The agent for the Wabash here said today all fares since midnight Wednesday had been based on the 2.4 cents a mile rate.

On receipt of a report thru the state public utilities commission that the Louisville & Nashville railroad company had raised its passenger rates, Attorney General Brundage sent telegrams to states attorneys of southern counties thru which the road passes asking them to gather evidence affecting the alleged raise in rates to be held "until we can agree on concerted action."

The L. and N. railroad, it is said, was not a party to the injunction issued in Cook county.

**Offices Confirm Report.** St. Louis, June 1.—Confirmation of the report that the Wabash railroad had increased its intrastate passenger rate in Illinois to 2.4 cents was given at the offices of the road here today.

It was stated that the Wabash had decided to ignore the injunction issued by the state court in Chicago, restraining an increase in rates; and to conform to the order of the federal court directing it to remove discrimination against Missouri and Iowa ports.

**Members of Staff Confer.** Chicago, June 1.—A conference of members of the staff of the state attorney general was held here today regarding the action to be taken in the Wabash railroad rate case. It was understood the attorney general would take action should it develop the railroad company was selling tickets thru Illinois at 2.4 cents a mile when a recent decision of Judge Foel held that the two-cent a mile was the operative rate.

## UNKNOWN POISON CAUSE OF DEATH

PITTSBURGH, Pa., June 1.—An unknown poison, probably a ptomaine which yet has been unclassified by the medical world, was responsible for the death of Lieutenant William F. Cocoran of Philadelphia and the illness of more than 40 other Pennsylvania national guardsmen two weeks ago after eating at a "Port Perry, Pa., restaurant" according to the report of Dr. Jacob Rosenblum, a toxicologist, submitted to Colonel Samuel Jacobson tonight.

The poison found in the officers' stomach failed to respond to the usual tests for poison, but experiments with frogs and other animals showed it to be deadly in effect.

## CAPT. ROYCE MAKES TWO SHORT FLIGHTS

CHICAGO, June 1.—Captain Ralph Royce, made two short flights at the new aviation instruction field at Ashburn, Ill., today, the first flights to be made since the opening of the station. Following the test flights of the captain he made a third attempt to fly with a passenger but was unable to rise from the ground because of the muddy condition of the field. Further flights will not be attempted until the grounds are in better condition. Instruction classes are expected to begin early next week.

## U-BOAT ATTACKS AMERICAN VESSEL

LONDON, June 1.—The American sailing ship, *Frances M.*, was attacked by gunfire on the morning of May 18, according to a report from Cadiz given out today by the admiralty. All the members of the crew

The American schooner *Frances M.*, owned by Charles V. Minott and registered at Bath, Maine, sailed from New York April 7 for an European port. She carried a crew of nine men.

## EXEMPT "MOVIES" FROM WAR TAXES

**Senate Finance Committee Virtually Completes Revision of Bill**

## ADJOURNS UNTIL MONDAY

**Bill Probably Will Be Ready for Submission to Senate Early Next Week**

## LEVY NEW AUTO TAX

WASHINGTON, June 1.—Exemption of popular price moving picture theatres from amusement taxes and the levying of a new federal license tax on automobile owners ranging from \$7.50 to \$25 with reductions for cars used a year or more were agreed upon today by the senate finance committee in continuing revision of the house war tax bill. With its task virtually completed except for the newspaper and magazine section the committee tonight adjourned over until Monday so that experts may spend the time putting the re-drafting into legal shape. The bill probably will be ready for submission to the senate early next week.

**To Confer Informally.** Tomorrow Senator Simmons, chairman, and Senator Penrose, ranking Republican member, will confer informally with representatives of publishers and postoffice department officials regarding the proposed taxation of publications in lieu of the increased second class mail rates in the house bill.

Under the committee's amendment all moving picture theatres charging less than 25 cents admission would escape the tax of one cent on each dime paid imposed by the house measure.

Senator Penrose championed this change, urging that the moving picture house is a poor man's theatre and should not be taxed. The report of the committee was that the plan of taxing other places where admission is charged. The license taxes, payable by motor vehicle owners direct, take place of the house tax of five percent upon manufacturers of such vehicles.

## Taxes On Motor Vehicles.

The committee's section would provide taxes on owners of automobiles and motorcycles, the rates of tax to be based on each automobile or motorcycle as follows: Motorcycles \$2.50; automobiles, listed retail price at time of purchase not over \$500, \$7.50; over \$500 and not over \$1,000, \$10; over \$1,000 and not over \$2,000, \$15; over \$2,000 and not over \$3,000, \$20; \$3,000 and over, \$25. The taxes will not apply to manufacturers and dealers as to unsold automobiles and motorcycles held for sale or to owners of automobiles or motorcycles used exclusively for business.

A modification to be drafted later will provide a reduction of ten percent in the license taxes for each year's use of automobiles up to five years or a maximum allowance of fifty percent.

## WILL SUBMIT NAMES FOR MEDICAL BOARD

Springfield, Ill., June 1.—Governor Lowden called on members of the general assembly today to submit to him two names of the most representative men in each county to serve during the war as medical members of the exemption board. Counties of more than 45,000 population, will be divided into units of 30,000 population, for each of which a board will be appointed.

Each board is to consist of three members, two lay members and a physician who will be named by the governor. After consultation with the state medical board the governor will select members of the general assembly to meet him in joint session on Tuesday noon to discuss recommendations.

## WAR NEWS GREATLY ADVANCES CIRCULATION

CHICAGO, June 1.—Altho the increase in the price of some newspapers has in instances reduced sales war news has greatly advanced circulation of all newspapers and periodicals, according to members of the audit bureau of circulation in session here today.

The bureau is composed of 1,200 of the largest newspapers of the country with an annual audit of 69,000,000 in circulation and carrying \$100,000,000 of advertising yearly.

## HEARING CONTINUED

Springfield, Ill., June 1.—The hearing of Illinois railroads before the state public utilities commission on the proposed fifteen per cent general increase in freight rates which was to have been held in Chicago beginning June 3, has been continued to Monday, June 18, it was announced here today.

## WARAB MACHINISTS STRIKE

Decatur, Ill., June 1.—Approximately 350 Wabash machinists and helpers went on strike at the locomotive shops here today. They are demanding an increase of 10 cents an hour and an eight hour day.

## GERMANY RECONCILED TO LOSS OF KIAO CHOW

COPENHAGEN, June 1, via London.—From an article in the *Vossische Zeitung* of Berlin, it appears that Germany has reconciled herself to the loss of Kiao Chow, her former Chinese possession and the South Sea Island colonies, which were captured by Japan. Commenting on rumors regarding difficulties between Japan and Russia, the newspaper declares Germany undoubtedly is ready to cede the lease of Kiao Chow in direct negotiations with Japan in return for repayment of the millions spent in making it a German base in the east, and also is willing to discuss the future disposition of the South Sea colonies.

## FIND PATIENT DIED AS RESULT OF ABUSE

**Senator Barbour Reports On Probe At Elgin Hospital**

Criticism Management of Institution for Failing to Investigate Maxwell Edgar's Death Properly—Recommendations State's Attorney Make an Investigation.

Springfield, Ill., June 1.—Senator James J. Barbour, chairman of the special committee which investigated the death in the Elgin State Hospital for the Insane of Maxwell Edgar, former Chicago attorney today, made public a report in which he charges that Edgar died as a result of abuse from attendants or inmates of the hospital, criticizes the management of the institution for failing to investigate his death properly and recommends that the state's attorney of Kane county make an investigation with a view of bringing criminal proceedings.

**Attendants Made No Report.** The report was submitted to the other members of the committee but they had not yet signed it when forced to adjourn to attend a session of the senate. No report of Edgar's injuries was made by the attendants, the committee found. Miss Jesse Hillebrand, Edgar's aunt who came to the hospital in response to his complaints of cruelty, informed Dr. R. H. Ritchie, the attending physician, that he had been injured.

"The committee believes the reason no attention was given his injuries and no report made to the attending physician," the report states, "was that some one or more of the attendants had been guilty of criminally assaulting and injuring him and to report the occurrence would simply have meant that the party would have been confessing to his own criminal and felonious assault."

**Criticizes Dr. Ritchie.** Dr. Ritchie was praised as an excellent physician but criticized in the report for having failed to make a report of the injuries and for not having begun an investigation to fix the blame for them.

Criticism was directed at the coroner of Kane county for having failed to investigate the cause of the injuries and at the managing officer, H. J. Gahagan and his staff for "their apparent disposition to handle the case so as not to arouse the suspicion of relatives, public comment and official condemnation of any person connected with the institution."

Testimony of patients the credibility of whom, the committee declares, is not affected by their ailments was to the effect that an attendant named Desch had stood over Edgar and kicked him severely and that Attendant Hill, Desch and Van Fossen had at different times assaulted the patient.

## LUMBER MEN PROTEST AGAINST INCREASE

WASHINGTON, June 1.—Pacific Coast lumber dealers told the interstate commerce commission today that a fifteen per cent increase in freight rates asked by the carriers would menace the future of the fir and red wood shippers.

The western lumber business is just recovering from a long and heavy depression said Junius H. Brown, secretary of the California Red Wood association.

A raise in rates would mean a curtailment of shipments and consequent heavy losses.

W. C. Powell, rate statistician of the Nebraska railway presented figures, showing an increase of 11 per cent as a result of the eight hour basic day.

## ELEVEN THOROGBREDS TO START IN HANDICAP

LOUISVILLE, Ky., June 1.—Eleven thoro-breds, which horsemen credit with being the best handicap horses in the country have been named to start in the fifth renewal of the Kentucky handicap at Douglas Park here tomorrow.

Old Rosebud a Kentucky derby winner and the real "come-back" of the American turf probably will go to the post the favorite. A large crowd is expected. To avoid congestion in the betting ring, pari-mutuel machines to handle wagers only on the handicap will be opened shortly after noon.

The race is at a mile and a quarter for three year olds and upwards and has an added value of \$10,000. It is the richest stake in America for the older division of horses.

Despite the heavy rains of the past few days the track is expected to be in fairly good shape.

## LICENSE DIXON COMPANY

Springfield, Ill., June 1.—The state public utilities commission granted today a certificate of convenience and necessity to the Illinois Northern Utilities company to construct and operate a steam-electric generating station at Dixon, Ill.

## TO PROTECT FARMERS IN MARKETING CROPS

**Wilson Assures Spring Wheat Growers of Northwest**

Government Hopes Permanent Marketing Conditions May Grow out of War Time Measures—Prices Will Be High Enough to Stimulate Ultimate Production

Washington, June 1.—Spring wheat growers of the northwest were assured by President Wilson in a personal interview today that the government intends to protect farmers in marketing their crops and that prices will be guaranteed high enough to stimulate production. The farmers' representatives were told that the government hopes permanent marketing conditions may grow out of war time measures.

**Do Not Intend to Fix Minimum.** It is not the present intention to fix minimum prices, the president said as the government believes production prices will remain high with out putting this measure into effect.

The callers told the president that farmers are anxious that grain market reforms may come from the experience gained by the food administration. Sentiment among farmers, is strongly for federal ownership and operation of grain elevators and other storage facilities used in interstate trade.

**The services of the country's suffragists in the elimination of food waste were offered to Herbert C. Hoover today by the National American Woman Suffrage association which has organized a suffrage thrift league.**

**Presenters France's Grain Needs.** Emil Level, food commissioner for the permanent French mission here in presenting to Mr. Hoover France's grain needs for the next year said that his country would require about 150,000,000 bushels of grain, as much of it wheat as can be supplied. The French are now mixing a heavy percentage of corn meal with their wheat flour in milling.

A food research committee will be named by Mr. Hoover as soon as the administration is established. It will be composed of many of the country's food experts and will study diet and other related subjects.

## SUBMARINE SINKS U. S. SAILING SHIP DRIGO

LONDON, May 31.—(Delayed)—The American sailing ship *Drigo* has been sunk by a German submarine. The crew has been landed with the exception of John Ray, third mate who was drowned when the small boat was being launched. The boat was attacked without warning.

A statement issued by the British admiralty says that the *Drigo* was attacked by gunfire by a German submarine which gave no warning. The vessel was subsequently sunk by bombs after it had been ransacked by the crew of the submarine. The sinking occurred May 31 and the crew was landed at Plymouth.

The *Drigo* was attacked at 7 o'clock in the morning. The weather was fine altho hazy. The men were rescued before 9 o'clock. Joseph G. Stephens, American consul at Plymouth, is one of the survivors.

The *Drigo* was a four-masted sailing ship of 3,005 tons, owned by A. Sewall and Company of Maine. She sailed from New York on May 3 for Havre in command of Captain J. A. French and carried a crew of 31 men, nine of whom were American citizens.

## BOY'S DISAPPEARANCE HAS NOT BEEN SOLVED

SPRINGFIELD, Mo., June 1.—The mystery of the disappearance of fourteen months old Lloyd Keet, son of the prominent banker, J. Holland Keet, has not been solved here today. Apparently, the search which has been continued since the boy was taken from the family home Wednesday night, had come to a temporary standstill.

The father, wet, mal-stained and haggard, returned early this morning from an all night motor trip thru the storm swept hills of Green county, without a trace of the child having been found. He had gone out last night with \$5,000 in ransom money in response to an anonymous letter received earlier in the day saying that somewhere he would see a lighted lantern and there he was to leave the money for which the kidnappers would exchange the child.

## VON BISSING WANTED BELGIUM ANNEXATION

COPENHAGEN, June 1, via London.—The late Governor-General Bissing of Belgium maintained until the day of his death his belief in the necessity of the complete annexation of Belgium to Germany. German advocates of peace have ascertained that Von Bissing changed the views he expressed in the memorandum he addressed to the emperor advocating annexation.

This is disproved by a letter written by Von Bissing on January 14, to the Reichstag deputy, Dr. Stresemann.

In this letter, General Von Bissing declared that the war was lost if Belgium, at the end, was not chained to Germany, to be ruled and exploited in Germany's interest.

## PROMISE TO REGULATE SALOONS

Springfield, Ill., June 1.—Mayor Anthony Thomas of Fairmount, St. Clair county, Ill., and members of the city council promised to regulate the saloons at Fairmount today when they were called before Attorney General Brundage and told the place would have to be cleaned up.

## DRAFT SITUATION WELL IN HAND

**Officials Expect No Really Serious Disturbances Registration Day**

## EXPECT SOME EVASIONS

**Count On Many Who Do Evade to Come Forward to Make Good Before Prosecution**

## REITERATES REQUEST

WASHINGTON, June 1.—Department of justice officials are of the opinion that the situation with respect to the draft army registration Tuesday is well in hand, that there will be no really serious disturbances and that nation will wake up Wednesday to find out that outbursts have been sporadic, and not the result of a general feeling against the law. It was pointed out at the department tonight that more than ten million men are required to register under the law, and that it would be surprising indeed if such a day were to pass off without incident, as no general election ever held in this country passes without some disorder.

## Order Causes Thirty Arrests

Attorney General Gregory's orders had caused the arrest of about thirty persons up to today in connection with anti-draft propaganda. Only a few more, probably less than half a dozen, are expected before Tuesday. Such a showing is looked upon as extraordinary and as a convincing indication that despite oratory against registration and the few conspiracies discovered to interfere with it there has been no substantial movement to defeat the purpose of the law.

The department expects that there may be a number of evasions of the registration provision that will look large in total but not when the great number subject to the law is considered.

Many even of those who do evade Tuesday are counted upon eventually to come forward to make good without prosecution.

**Gregory Reiterates Request.** Attorney General Gregory reiterated his request that local organizations aid in the work of seeing that every man between 21 and 50 years of age in their communities registers his name.

"The department," he said, "has been greatly aided in several instances by volunteer organizations in cities and towns which have compiled records and held them available for the department's use and also have furnished valuable information to its agents. Assistance of the sort referred to is of great value and will be gladly received."

"I urge patriotic men in every section of the country to perfect organizations which will see to the registration of all names in their communities, preserving notes showing the personal sympathies and activities of individuals. I do not suggest methods in detail as these may be worked out by the men who are willing to act and are not otherwise engaged in serving their country."

## AMERICAN SAILING SHIP ATTACKED BY GUNFIRE

LONDON, June 1.—The admiralty reports that the American sailing vessel *Barbara* was attacked by gunfire of a German submarine at seven o'clock on the morning of May 24. All the members of the crew were landed at Gibraltar.

The American schooner *Barbara*, owned by the Foreign and Domestic Trading Company of Boston, last reported on sailing March 20 from Port Arthur, Texas, for Spezia, Italy, with a cargo of Case oil. The *Barbara* was built at Chelsea, Mass., in 1909 and was 185 feet long, of 833 tons gross.

## AUSTRIAN WORKERS PARADE FOR PEACE

COPENHAGEN, June 1, via London.—Reports from Vienna say that simultaneously with the opening of the Austrian Parliament, thousands of workers ceased work and attended meetings in different parts of the city. A great procession was organized which paraded the streets as a demonstration for peace.

## LAW MAY BE TOO DRASTIC.

The bill before congress making it a felony to hoard, store or destroy food, fuel or other necessities of life sounds too drastic. There is a certain amount of "hoarding" or storage which is really beneficial in the way of conservation, and further, in equalizing markets. If it were made unlawful to store foods and some other necessities great losses would occur at certain periods of the year. However, in this drastic bill exception is made of farmers, who are permitted to store the products of the land they cultivate. The farmer indeed is leading a charmed life so far as taxation and restriction laws are concerned these days.

## WISE PREPARATIONS.

Illinois is to have a state guard and a state reserve training corps if the action taken by the senate yesterday is concurred in by the house. This is almost certain to happen as the plans were proposed by the council of defense. Since the present national guard of the state is in reality a part of the federal army and will within a comparatively short time be engaged in active service elsewhere, it is a wise step to proceed with the organization of a home guard. The state reserve training corps is also in the line of preparation and protection. It will not increase the liability of Illinoisans for service, but will put them in better condition for service if they are called upon for war duties.

## NO ESCAPE FROM TAXES.

The proposed revenue law now being discussed in the senate has in it many seeming inequalities and no doubt will be amended in various ways before it comes up for final action. But in the consideration of this bill it is only fair to remember that it is natural for business men to feel that the particular line of business in which they are engaged is hit the hardest. There is something almost instinctive about the wish to evade taxation. All of us understand just as well face the proposition, no matter in what line of business we are engaged, that sooner or later as a result of this war we are going to pay our share in heavy taxes.

## THE BUSINESS AS USUAL SLOGAN.

The government and various business organizations have advised "Business as usual" as a slogan during the war. It is well said that adherence to this idea will go a long way toward keeping business at least normal. But after joining in this good advice the railroad war board has issued a statement advising that conventions bringing together large bodies of persons should be discouraged in the interest of fuel conservation and to prevent the interruption of freight traffic. "Business as usual" is all right for a slogan but in one way or another we are forced to recognize that we are doing business in war times and that certain necessary adjustments must take place, comparing conditions now with those prevailing in times of peace.

## TRAINING THE HANDS.

In the Bloomington schools they recently put manual training work to a practical test. The boys in one of the classes in the course of their regular work built a garage. The building was constructed of sections so that the work could be done in the class room, and subsequently the building was sold to a Bloomington resident and erected by the boys on his lot. Those who inspected the garage state that the building showed correct lines and that the work shows skill. The incident is of value as it shows again how the practical is now dominating school training. Manual training is valuable as it increases skill with the hands, but its value by no means ends there, for a considerable amount of mind training goes with the manual work.

## REGISTRATION DAY NEAR AT HAND.

There may not be a special patriotic demonstration in Jacksonville on Registration Day, Tuesday, June 5. But certainly there will be no evidences of disloyalty. Disloyalty in this instance would be in discouraging young men from meeting the requirements of the law, or actions on the part of the young men themselves in seeking to evade registration.

The showing made on Registration Day—the names of the millions enrolled—should have some moral effect on the nations at war. It goes without saying that the passage of the conscription bill was not pleasing to Germany, and ready response to the provisions of this law will be still more displeasing. There are indications that whatever opposition has developed to the law is in large part the result of German influence. This is not true in every instance, for there are some citizens not friendly to Germany, but misguided who are unpatriotically seeking to defeat the terms of the conscription law. The provisions of the law are very clear and exact.

The government has let it be known that no trifling will be per-

mitted and so it behooves young men between the ages of twenty one and thirty one to see that their names are on the lists next Tuesday. This course will not only be patriotic but will also save them trouble later on.

## WORLD DEMOCRACY DAY.

A proposal to observe the Fourth of July as World Democracy Day originates in Atlantic City. It is suggested that in the usual celebrations the flags of our allies be displayed with the American flag, and the text of the day's speeches be the sentiment expressed by President Wilson in his war message, that the world must be made a safe place for democracy.

The Chicago Post commends the plan in this vein: "The battles in which American troops will soon engage are the sequel to Lexington. It is the same cause, but the world, rather than a little corner of it, has become its field. No thought could give greater dignity or richer significance to our observance of the Fourth than this.

"If this year independence day witnessed the national spirit aroused to the great task of carrying the work of our fathers thru to completion next year it may be marked by a jubilee of triumphant peace.

"No day in any calendar better deserves to be honored as World Democracy day than the Fourth of July."

### Young Things

In spring most things are fresh and new—except old guns like me and you. New leaves are on the ancient trees, new singers on the bumble bees; new birds with anthems greet the dawn, new dandelions star the lawn; all things seem new, there's nothing gray except the eggs I bought today. The newborn ducklings boldly swim; the calf steps round on wobbly limbs; we see the lambskins at their play, the coltkin lifts a feeble neigh; the young of all the species bring their atmosphere of youth to spring, and anything that's old and hoar, and savors of the days of yore, seems out of place, of little worth, and ought to vanish from the earth. But I see nothing that is old, except that story you just told. The world itself looks bright and new, that the winter pained the world, its dismal hues of gray and dun have changed to green beneath the sun; it is so cheerful, bright and gay, as though it were fashioned yesterday. Old things are hidden, and the young their banners everywhere have hung. There's nothing ancient, bearded, hoar, except the butter at the store.

## THIS DATE IN HISTORY

June 2, 1836—William Walters, editor of the Illinois State Register and Illinois Advocate in Vandalia, states that he has returned from Washington with his family without accident by stage or steam in good health and spirits and will take up his editorial pen next week. Has made arrangements to enlarge his paper.

## NEW BERLIN COMPANY PLAYS AT FRANKLIN

"Why Linda Ran Away" Presented Before Large Audience Friday Night at Marquette Hall.

A large audience assembled at Marquette hall, Franklin, Friday evening to witness the presentation of the play "Why Linda Ran Away" by the young people of St. Mary's parish, New Berlin. This evening the cast of the play and the dramatic work of the cast showed that each was in excellent training. Since the company given at New Berlin, Miss Genevieve Dwyer of Virden, who also took a solo part, has been married and did not choose to continue with the rehearsals. Her place was taken by Albert Strasser of Jacksonville, who filled the role to the satisfaction of the audience. The young people who staged the play, John Sullivan, George Miller, John J. Lewis, William Kroese, Arthur Roesch, Mrs. Margaret Johnson, Miss Elizabeth Fromme and Miss Louise Hanahan.

The service, comfort and style afforded by Panama Hats sold by FRANK BYRNES' Hat Store are not duplicated.

## THE LYNNVILLE SPECIAL SERVICES

Another large audience was present Friday night to hear the address made by Rev. Charles J. Schofield at the Lynnville Christian church. Each service has shown an increasing interest. This evening at 7 o'clock a special service for boys from 12 to 15 years of age will be held and the subject will be "Heroes." At 8 o'clock the service will be designed especially for young men from 16 to 21 in age and Mr. Schofield's theme will be "Play to Win." There will be four services Sunday. At 10 o'clock in the morning the subject will be "The Teen Age," and at 11 o'clock Mr. Schofield will discuss "The Modern Sunday School." The service at 7 o'clock will be especially for young people with the subject, "What Can I Do?" At 8 o'clock will come a mass meeting and Mr. Schofield has announced "Two Conversions" as his subject for this service, which promises to be of very special interest.

## EAST LIBERTY CLOSING

Friday was the last day of school at East Liberty, near Orleans, and in celebration of the event Miss Mary Kenyon, the teacher, had planned a picnic which was much enjoyed by the parents and friends attending. The school was late in opening, on account of repairs made necessary by the fire of last year.

Joseph Homburg and granddaughter Sadie Elizabeth have gone to St. Louis for a few days visit.

## BOYDSON NO LONGER A JAIL PRISONER

Man Charged With Wife Abandonment Escapes—George Murphy Another Jail Inmate Made Get-Away—Sheriff Graft's Statement.

Max Boydson confined in the county jail on charge of wife abandonment went to supper with James W. Scott Thursday evening and forgot to return. The Sheriff Graft went to Chapin and spent most of Thursday night and Friday morning in search of the escaped prisoner he has not been apprehended. Boydson was convicted of wife abandonment recently in the county court. Judge William E. Thompson ruled that he was to pay a certain sum to his wife each month. His bond was fixed at \$500, and being unable to give it he was sent to jail.

He had formerly been employed as a telephone lineman and had worked with James W. Scott. Thursday afternoon Sheriff Graft subpoenaed Scott to appear for jury service as a juror in the Woolery case. Afterward Scott went to the jail and asked the sheriff if he could take Boydson with him to supper. Sheriff Graft replied that he had no objection if he would bring him back before dark.

Scott returned to the jail about dark and told Sheriff Graft that Boydson had gotten away. The sheriff took his car and went to Chapin where Boydson formerly lived, hoping to find him there but he had not been seen in Chapin. MURPHY FAILS TO RETURN Several weeks ago George Murphy undressed for burglary and escaped from jail. At that time Sheriff Graft had gone to Iowa to appear as a witness in the Champlin case. Murphy asked the turnkey, Robert Nunn, who was unfamiliar with the city, to take him to the residence of his sister, the pretext that his sister was very ill. As a matter of fact Murphy went to the home of Edward Conrad and hid the turnkey wait for him at the front door. Evidently Murphy lost no time in immediately slipping out of the back door for he made his "get away" and has not been seen since. The turnkey after waiting five or ten minutes became alarmed and went into the house to search for his prisoner but the search was in vain.

In a statement about the conduct of the Sheriff Graft said last night that there have been but three prisoners escaped from the jail during his term of office wherein neither could be charged. A year or two ago the sheriff said that a colored prisoner, "Gold Tooth" Tucker, was accompanied to the home of his father on South West street by Deputy Stice for the alleged purpose of getting clothes. While the officer waited for him, Tucker made his escape. The sheriff said further that the escape of George Murphy was due to carelessness on the part of the turnkey, as he was absent in Iowa. He said moreover, that when the turnkey took Murphy out of jail that he disobeyed explicit instructions given him when he assumed duties as turnkey.

For the escape of Boydson the sheriff says he is entirely to blame for carelessness. He said that when Scott asked to take Boydson with him that because of confidence in Scott he granted the request. Furthermore the sheriff said that Boydson was away from the jail for early release from jail and that the thought of attempt to escape did not occur to him.

## SOME PRISONERS GIVE A CHANCE TO FLEE

Talking further along this line, Sheriff Graft said, "There have been other prisoners make their 'get away' from the jail with intent on my part and by the authority of the state's attorney. Several prisoners charged with minor offenses have been given a chance to escape for the very reason that to keep them month after month in jail means an expense to the county and if they get out of the county and stay out, that is the most desirable thing that can happen. This action has been taken in cases of several prisoners who have been arrested time and again for some minor charge and on the advice and consent of the state's attorney in times past some of these prisoners have been permitted to leave jail—that is they have been sent on errands and have never come back.

"As I have indicated, the state's attorney was broken away from custody thru carelessness or neglect on our part and without our intent are Tucker, Murphy and Boydson."

## I. W. C. ACADEMY HAS GRADUATION PROGRAM

Thirteen Young Women Receive Certificates at Exercises in Music Hall Friday Evening.

Certificates were given a class of thirteen young women Friday evening at the I. W. C. academy commencement exercises in Music Hall. Miss Amy Mothershead, dean of the college, presented the class to Dr. Harker and he, emphasizing the value of education, the importance of the occasion, spoke to the graduates and then handed to each the certificate of work well done during the academic course.

The Rev. E. L. Fletcher, pastor of Centenary M. E. church and a father of one of the graduates, pronounced the invocation. The procession was played by Henry V. Stearns, director of the college choir, and the quartet number was sung by Misses Wilson, Wall, Davis and Fletcher, to accompaniment of Mrs. Florence P. Hartman. "The Life of Clara Barton" by Miss Hester Nelson was an able discussion of the heroic life of Miss Barton and her invaluable service as nurse during the Civil War. Miss Frances Wilkinson, who wrote of "The Life of Dr. Anna Howard Shaw," had a well prepared paper which was especially good on account of its humor and wealth of anecdote. Miss Louise Fletcher, a third gradist, treated "The Life of Jane Addams" and her account of Hull House and Miss Adams' solid accomplishment as a social worker. The class also sang a quartet number. There were two vocal solos, both well received, one by Miss Wall and a second by Miss Davis, and a piano solo by Miss Davis. The address of the evening was given by H. A. Ferrin of Jacksonville, superintendent of city schools. The commencement program:

Invocation—Rev. W. H. McGhee. Quartet number—Mrs. C. E. Short, Miss Mildred Wright, Miss Stella Cunningham and Miss Florence Short. Class History—Miss Grace E. Clark. ## Get at The Source of Your "Skin Diseases"

Don't be misled by this term, for the appearance of pimples, boils or rashes indicate something more serious than a mere "breaking out" of the skin. These eruptions are, in reality, signals from nature that the blood is impoverished, debilitated and in need of help. Of course you can sometimes drive away the infected places by applying a salve or lotion, but unless you treat them through the medium of the blood, they will occur again and again.

S. S. S. has proven its wonderful

building and tonic properties in thousands of cases arising from disorders of the blood. It washes the poisons from the system and aids the blood in its work of cleansing and invigorating the body organs, throwing off waste matter, and keeping the body in a normal, healthy condition.

Prove these facts for yourself by taking a bottle of S. S. S. and write to our Medical Department for information about your case. Swift Specific Co., 304 Swift Building, Atlanta, Ga.

JIU JITSU HAS PLACE  
IN MODERN WARFARE

Instructors Demonstrate Bayonet and Jiu Jitsu Practice to Student Officers at Fort Sheridan.

Fort Sheridan, Ill., June 1.—Jiu Jitsu has its place in modern warfare it was explained to students at the officers' training camp here today. The instructors were Samuel Allison of the Sixteenth Canadian Scottish Highlanders and Elwood Smith of Princess Pat regiment. They demonstrated bayonet and jiu jitsu practice.

"Keep after your man," Allison kept saying, never taking his eyes from his opponent, "keep after him, don't lose the offensive. Press him hard, follow him up. See there, when our bayonets clashed I didn't draw back, but swung the butt end around so I could smash his jaw. Now we'll try it again. See, my opponent drops to his knees and runs me thru."

"Oh, this is only a tenth of what you'll earn over there. This is a war where individuality counts more and more. That's why the Germans are losing. His nerves give away. Mostly they don't like cold steel. The Prussian does, tho, but there are mighty few of those veterans left now. The advantage of the offensive too is that your man can't see what is behind him and he may back into a shell hole." The instructors then "kicked up jiu jitsu" where pressure may render an opponent unconscious, the deft removal of an enemy's eye with one's thumb, and so forth.

ITALY NEEDS MILLION  
TONS OF COAL MONTHLY

WASHINGTON, June 1.—Italy needs a million tons of American coal monthly to continue her essential munitions manufacture, according to a statement today by Francesco Saverio Nitti of the Italian war mission.

Mr. Nitti received A. Joseph Di Silvestro, grand master of the Order of the Sons of Italy of America for the state of Pennsylvania and Eugene V. Alessandrini, solicitor of the order and told them the great effort of Italians in this country should be to make it possible to have coal imperatively needed sent to Italy. He also urged that all of Italian descent in this country who have not registered for military service at the Italian consulates, register for the American armies.

The visitors told Mr. Nitti of nation-wide plans of their order for the raising of big fund for Italian widows and orphans.

Pennsylvania branch alone will present the Prince of Udine with \$50,000 from that state. Tomorrow the prince and other members of the mission will be officially received by the house of representatives.

SUBMARINES COLLIDE  
UNDER WATER; REPORT

AMSTERDAM, June 1, via London.—A collision under water between a British submarine and a German U-boat is reported by the Rheinische Westfälische Zeitung of Essen which describes the incident as unprecedented. The paper states that the collision took place "in the channel" April 19 and declares that a German U-boat while submerged rammed a British submarine and that the British boat then emerged bringing up the German submarine lying across the bow of the British vessel. The German vessel slid off into the water and both vessels started their engines and when separated by about 50 yards, both dived. The commander of German U-boat did not see the British submarine again.

SENATE MAY VOTE  
ON FOOD BILL TODAY

Debate Limited to Ten Minutes and No Senator Will Be Permitted to Speak More Than Once.

Washington, June 1.—The first administration food bill under consideration in the senate all week probably will reach a final vote tomorrow. Debate was limited to ten minutes today by unanimous consent and no senator will be permitted to speak more than once. Little progress was made with the bill today. An amendment by Senator McCumber, making the holding and storing of foodstuffs and other necessities a felony was adopted. The amendment specifically would permit storing where no effort is made to cause a shortage or affect the price.

Senator Fletcher's amendment to authorize the secretary of commerce to engage in the catching and marketing of fish to enlarge the nation's food supply was rejected. Amendments designed to prohibit speculation in food produce were introduced. One by Senator Thomas would authorize the president to suspend grain exchange where dealing in futures is permitted and another by Senator McKellar would forbid speculation.

Debate on a proposal by Senator Fall that all public surveyed unreserved lands in New Mexico, Colorado, Utah and South Dakota be opened under the 640 acre homestead act was in progress when the senate recessed.

## WAR NEWS SUMMARIZED

Continuing his isolated attacks against the French lines, the German crown prince on Friday threw his troops forward north of Moulin de LaFaux, where the battle front bends northeast of Soissons and against the battle scarred positions on Hill 304, on the Verdun front.

Checked Thursday in his attempt to hold positions won on Mont Haut in Champagne, the crown prince had better success in his effort to break the French line near Moulin de LaFaux. The Germans gained a foothold in some advanced trenches and, while counter-attacks by the French troops forced them to retire from most of the elements taken they still maintain tenure of a portion of them. French artillery fire sufficed to check the German efforts against Hill 304, the Germans suffering heavy losses.

There has been increased artillery firing in the Verdun sector in Belgium. Aside from several small raids and outpost engagements there has been nothing doing except artillery firing on the Arras battle front.

The inactivity in infantry fighting on this portion of the front during the last several weeks is shown by the report of British captures during May. These amounted to 3,412 Germans and only one large German gun. In April the British took more than 19,000 prisoners and 257 large German and howitzers.

On the other battle fronts there have been no changes.

Austrian attacks in the Vojec area north of Gorizia were repulsed by the Italians and Vienna reports the failure of Italian attempts in the same region. The taking over of the government of the great fortress of Kronstadt by the local council of workmen and soldiers delegates and strike outbreaks in many of the large munition factories of Petrograd, indicate that the new provisional government of Russia is meeting with increased internal opposition. Kronstadt, 20 miles west of Petrograd, is the main fortress guarding the Russian capital and is the main port of entry to the capital from the Baltic sea. The workmen and soldiers there not only have taken charge of the town but have declared that they do not recognize the provisional government.

More than 120 of the largest factories in Petrograd are threatened with a complete tieup because of strike demands made by workmen. Several factories already have ceased operation.

## Spruit-Marquesse

Dr. and Mrs. Charles B. Spruit were to leave today, June 2, for Port Limon, Costa Rica, where Dr. Spruit will continue his work under a Harvard University fellowship of medical research, according to word received by Prof. and Mrs. C. Spruit of this city.

Dr. Spruit was married Friday, May 11, to Miss Lillian Marquesse, a popular young woman of French extraction from Boston, Mass. The ceremony took place in New Orleans, La.

Dr. Spruit will receive the congratulations from many friends in Jacksonville as his circle of acquaintance is wide. He was graduated from Illinois college with the class of 1908 and then went to the Philippines for two years in the government teaching service. Returning, he entered Harvard university and there received his degree in medicine, going to South America at the conclusion of his course for his first term of medical research in the hospitals of the United Fruit Co.

ARREST DOZEN SEEKING  
TO CROSS INTO MEXICO

SAN ANTONIO, Texas, June 1.—Federal agents yesterday and this morning arrested more than a dozen young men who were seeking to cross into Mexico. The specific charge according to Robert Barnes, chief of the bureau of investigation who made the arrests is "seeking to evade military registration." He said a rigid surveillance is being kept over those seeking to cross in Mexico and that no young men of registration age is permitted to leave the country.

## MORTUARY

## Eager

Mrs. James F. Harvey of 343 East College street received a telegram Friday morning announcing the death at Venice, Calif., of her sister, Mrs. Alvin W. Eager. Tho Mrs. Eager had been in failing health for the past two years, she had shown improvement in recent months and death probably came suddenly as she was suffering from chronic heart trouble.

Deceased was the daughter of Morris and Mary Cahill and was born in this city April 6, 1836. She grew to womanhood here and received her education in the public schools of this city.

She was united in marriage to Alvin W. Eager of Kalamazoo, Mich., at Fort Steele, Wyoming, in 1859. To this union two sons were born, Lewis Eager, city electrician of Venice, Calif., at whose home she died and Harvey W. Eager, superintendent of mail carriers at Ogden, Utah. She also leaves two grandchildren and one sister, Mrs. James F. Harvey of this city and one brother, William Cahill of Logansport, La.

After her marriage to Mr. Eager they resided at Saratoga, Wyoming, until six years ago when they disposed of their holdings and went to California. After a year's residence there they went to Ogden, Utah, where Mr. Eager engaged in fruit farming. Two years ago her health began to fail and her physician recommended a change in climate and altitude. Mr. Eager retired from business and a few months ago they went to Venice to reside with her son.

Mrs. Eager was a member of the Eastern Star and prominent in the work of the order. She also, so long as her health permitted, was active in church work. Possessed of much munition factory and general disposition she won and held many friends, to whom news of her death will be received with regret.

Tho it is not definitely known it is probable that the funeral services will be held and burial made in Venice.

## Caywood.

Charles Thomas Caywood died at the family residence, 358 East College avenue Friday afternoon at 1:05 o'clock.

Deceased was the son of John D. and Martha E. Caywood and was born two and one half miles north of Concord in Morgan county on what was then known as the "Uncle Jack Lohr farm." December 27, 1861.

He was united in marriage to Mary E. Smith near Manchester, Scott county, March 3, 1886. To this union two children were born, Lloyd D. and Lawrence G. Caywood. The latter died October 3, 1896. His widow and one son Lloyd D. Caywood of this city survive. He also leaves the following brothers and sisters: Mrs. Elizabeth J. Cooper of Virginia, Mrs. Mary L. Reid of Virginia, Miss Cora E. Caywood of Jacksonville, John A. Caywood of Sadoria, George S. Caywood of Virginia and Mrs. Bertha O. Enslow of Springfield.

Elder Caywood made a profession of religion in a meeting conducted in the M. E. church at Concord by the Reverends Johnson and Tyndale in 1875. Soon after his conversion he decided to prepare for the ministry. He was admitted as a candidate at the Sangamon Presbytery at Ridgehouse in March, 1882. Being without the necessary funds he was unable to attend college so studied at home. The course was completed in two years and he was licensed to preach in September, 1884.

Becoming dissatisfied with his church relations he united with the West Union Baptist church of Sandy Creek, Scott county. At its business session in July, 1888, he was ordained to preach for that denomination. For some time he preached at El-Grove, Morgan county; News, Haris, McCracken and Independence, all in Scott county.

His first charge was Sandy Creek near Jacksonville. He then filled charges at Pleasant Hill, Sandy Creek and West Union, Scott county; Panther Creek and Shiloh, Macopin county; New Hope, Franklin and Diamond Grove, Morgan county; M' Zion and New Lebanon, Mason county.

In 1910 Elder Caywood moved to Jacksonville where he engaged in the mercantile business for two years. Retiring from that he entered the evangelistic field where he did successful work.

Funeral services will be held from Youngblood church, Nortonville, Monday afternoon at 2 o'clock. Burial will be in Youngblood cemetery.

## Marshall.

Sherman Marshall passed away at his home in Ipava, Ill., according to word received here by Mr. and Mrs. W. T. Brown. The deceased was well known in Jacksonville having attended school here. He was a brother of Mrs. C. S. Barrows, with whom he made his home, and of Mrs. R. O. Stoops, now of Joliet.

Heart failure was the cause of death, which took place suddenly Thursday afternoon.

BAR ASSOCIATION SCORES  
WORKS 'STATEMENT

DANVILLE, Ill., June 1.—At its opening session the Illinois State Bar association today adopted resolutions denouncing the statement of former Senator Charles D. Williams in a telegram to the so-called First American Conference on Democracy and terms of peace in Mexico, in which he was denounced as an "unpatriotic, disloyal and treasonable" and pledging the support of the members to the president and country in the prosecution of the war. A copy of the resolution was forwarded to President Wilson.

## TWO COUPLES HONOURED

## IN UNIQUE DANCING PARTY.

A dancing party of unique conception was given Friday evening by Miss Millie cent Rowe and Richard Rowe at the home on West State street, honoring Marcy Osborne and Miss Anna Brown, whose marriage will be June 11, and Miss Gertrude Carter and Cleon M. Bell. The wedding of Mr. Bell and Miss Carter will be solemnized Monday, June 11, in Evanston.

The dance last evening took place on a canopied platform, prepared especially for the occasion in the east yard. Light novel favor dances added zest to the evening program. A pleasing two-course luncheon was served the guests. Light refreshments of marked beauty were decorated by the use of diminutive globes of red, white and blue. All in all the event was one of the prettiest yet given of the ante-nuptial series.

## NEW BOOKS AT THE PUBLIC LIBRARY.

The following list of books will be ready for circulation Saturday morning, June 2, 1917:

**Biography**  
Kaye-Smith—John Galsworthy. "John Galsworthy is an artist and the artist's vision is not of the future, but of today."  
Staepole—Francis Villon. "A picturesque, dramatic, sympathetic study of the vagabond poet depicted against a background of medieval French life. There is appreciative literary criticism yet the book moves like a story."—A. L. A. Bkl.  
White—Seven Great Statesmen. "The true nobility of nations is shown by the men they follow, by the men they admire, by the ideals of character and conduct they place before them."—Lecky.  
Wyatt—Great companions. "Literary appreciations of DeFoe, Henry James, Walt Whitman, Howells, Shelley, Fabre, and many others showing delightful intimacy and sound critical judgment."—A. L. A. Bkl.  
**Dietetics**  
Fish—American Red Cross Text Book on Home Dietetics.  
Kilme and Cooley—Food and Health.  
**Fine Arts**  
Keppel—Golden Age of Engraving. A specialist's story about fine prints.  
Hoyle Up To Date.  
**Nature Study**  
Chapman—Travels of Birds. "Birds are the greatest travelers in the world."  
Fabre—Life of a Grasshopper. "It is enough to say that Charles Darwin valued him as an observer of the very first order."—Indianapolis News.  
**Religion**  
Coe—The Psychology of Religion. "The total impression is that of the naturalness of religion and its place in the scientific world."  
Wright—Faith Justified by Progress. Lectures delivered before Lake Forest College on the foundation of the late William Brewster.  
**The War**  
Krehbiel—Nationalism, War and Society. Edward Krehbiel is professor of modern history in Lehigh University. This book is a study of nationalism and its concomitant war, in their relation to civilization; and of the fundamentals and the progress of the opposition to war.  
Bang—Hurrah and Hallelujah. "The author feels that in spite of its intellectual achievements Germany has developed a strong tendency to barbarism and ruthlessness. He proves his point, quoting freely, by a discussion of German prophets and poets, of sermons preached since the beginning of the war and of the war treatises of German university professors. Introduction by Ralph Connor." The book is a gift.  
**Regular Fiction**  
Gogol—The Mantle.  
O'Brien—Best Short Stories of 1916. The greater part of the volume is occupied by the twenty stories which Mr. O'Brien finds the best by American authors published by American magazines during the year.  
**Reut Fiction**  
Fitch—The Twenty-four. Light story, good for the sick room.  
Ford—Wilt Thou, Torchy? More of Torchy, his slang and gay adventures.  
Foster—Shoestrings. Full of funny character sketches and good for reading aloud.  
Ward—Lady Connie.  
**Men's Silk, Madras, Percalé, and Chevoet Fast Colors Faultless Fitting Negligee Shirts are sold by FRANK BYRNS' Hat Store.**

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, then quiet sleep.

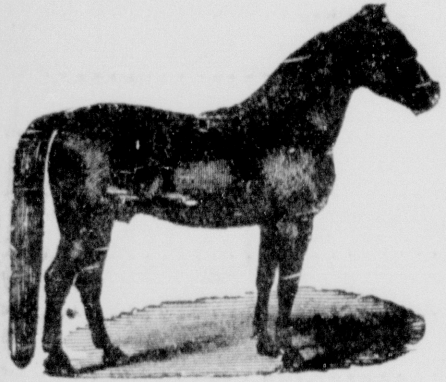

Mrs. T. Neuner, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough."

#### THE K. OF C'S WILL PAY IN FULL

D. E. Sweeney has returned from a trip to Belleville where he went to meet with the head officers of the Knights of Columbus. The meeting was specially called to consider the effect enlistment would have on the holders of life policies in the life insurance department of the order which issues policies from \$500 to

\$2,000 on the assessment plan. About a fourth of the members of the order are eligible to service in the army and it was that question which caused the heads of affairs to meet. After much discussion it was decided to make no difference but to pay death losses of soldiers the same as civilians thus showing their sense of loyalty to the government.

### MATTOON PAPERS GIVE STORM NEWS

Large Sums Needed for Rebuilding  
Contributions Come From All  
Parts of State

Altho the papers at Charleston were almost put out of business by the recent tornado, they have been publishing one sheet posters in order to give the public some idea of what has happened and is happening there. At Mattoon the papers were not so badly crippled and thru E. G. Saye a copy of the Daily Journal-Gazette has been received. This issue of the paper is devoted almost wholly to storm news. The citizens there are using every effort to help themselves and while they are not begging from other communities, they are desirous of letting the state at large know just what the situation is.

A sub-committee of the appropriations committee of the Illinois legislature has visited both Mattoon and Charleston and many members of the legislature not on the committee have also inspected the ruins in the two cities. A list of contributors to the relief fund for Mattoon is printed in the paper mentioned and shows funds to the extent of about \$15,000. Swift & Co. gave \$1,500; the Illinois Central railroad \$1,000; Sears, Roebuck & Co., \$3,500; Montgomery, Ward & Co., \$2,500; Supreme Council of Knights of Columbus, \$2,500. The Grand Lodge of Elks sent a check for \$500 and contributions from firms and individuals in other cities run from this figure down to \$10.

### CAPPS MILL WILL MAKE KHAKI CLOTH

Firm Arranges to Take on Piece of Government's War Business—Letter Issued to Employees Gives Details of Agreement

A week or two since Harry M. Capps as representative of J. Capps & Sons, Ltd., was in the east to confer with government officials. It was understood at that time that the conference was with reference to manufacturing here certain cloth desired by the government. At that time the firm tentatively agreed to make such changes in the ordinary operation of the plant here as would make it possible to produce a considerable quantity of the material desired by the government. The margin of profit is very small but the firm was led to enter into the contract largely thru patriotic motives.

In accordance with this agreement a portion of the plant and machinery will soon be devoted to the manufacture of khaki cloth for overcoating. The complete agreement with the government was not made until after conferences were had with mill employees. In order to acquaint the entire working force of the mill with conditions surrounding the new business the firm yesterday issued the following open letter. So far as known this is the first "war order" which has come to a Jacksonville concern.

Letter to Employees  
Jacksonville, Ill., June 1, 1917.  
To all Mill Employees:  
Inasmuch as rumors have gotten out that we have taken a Government contract, we desire to take you into our confidence.

At the urgent request of the United States Government, several members of our company were recently called to Washington to consider the matter of making some woollens for the Army use. The extreme necessity of securing at as early a date as possible sufficient materials to equip the new Army was laid before us and, as a patriotic duty, we have felt it necessary to devote a portion of our machinery in the near future to the making of Khaki overcoating and curtailing soliciting usual orders for men's wear for civilian purposes for some months to come.

In the matter of price for this goods, we were somewhat at a disadvantage by reason of being compelled to go into the open market and purchase wool at the highest level prices to cover the contract; in common with other mills also, we were obliged to figure on a small margin over cost, a smaller margin for profit than our business ordinarily can be conducted on.

There are several advantages to us and ourselves in this class of work, however; namely, the run in a large way on one class of stock, one size of yarn and plain weaving, which in itself will permit of simplifying the work, increasing production and enabling piece workers to turn out a larger yardage; also it will insure steady employment.

Aside from the above, the additional particular advantage to all employees between the ages of 21 and 30 years, who according to the new Selective Draft Law will soon have to register for service in the Army, will, as we understand it, be exempt from service by reason of being employed on Government work. All employees of ages mentioned, therefore, in registering for service will be required to state their present employment, by whom employed, and that they are engaged on Government work, which will entitle them to exemption; and, as we understand, service badges will be furnished to all such, showing that they are performing their "duty" in the Government service.

We trust that you all will share our patriotic motives in the action we have taken and will heartily cooperate with us in speeding up production and endeavoring to do our duty by the Government in this time of war.

Respectfully submitted,  
J. Capps & Sons, Ltd.

### MANCHESTER

Memorial services were held at the Presbyterian church Sunday morning. The church was appropriately decorated in flowers and flags. The music was furnished by a choir who sang patriotic songs. A male quartette composed by Archie Mehrhoff, Roy Curtis, Dr. C. McMahon and Morgan Story sang "Tenting Tonight." Vocal solos were sung by Mrs. E. O. Hess and Mrs. J. C. Andras, Jr. Rev. Latham of Woodson gave an interesting and inspiring address. The veterans who attended in a body were: F. F. Clark, S. A. Jeffords, William Herron, John Lawson and Frank Smith.

Owing to unfavorable weather Wednesday the Decoration service, was postponed until Sunday morning. The service will be held in the park. The address will be given by Dr. Rule of Jacksonville and music will be furnished by pupils of the grammar grades and the high school.

Mr. and Mrs. John Thomas are visiting their daughter Mrs. George Ester and family of Short vicinity.

### ART EXHIBIT AT WOMAN'S COLLEGE IS MERITORIOUS

Work of Pupils of Varying Ages Shown—Poster Display Especially Noteworthy

As long as man exists the beautiful will always appeal to the eye no matter whether the beholder is an art critic or not tho of course the better the education in art the greater the enjoyment one takes in beautiful objects prepared by able hands. It is always with pleasure that the announcement of the exhibition at the Woman's College is received for it is known that something attractive will be on the walls.

The capable instructor, Miss Nellie Knopf, is an enthusiast in her calling and has coupled with that desirable characteristic a genuine devotion to her work and the ability to inspire her pupils with some of her own zeal. The display this year is fully up to the high standard of past seasons and attracts many visitors and numerous compliments.

One visitor was most impressed by the display on a large screen of the work of beginners, pupils who have met with Miss Knopf but once a week and have heard her lectures on the proper way to begin the study in her department.

The pupils first are taught to begin with a mathematical basis using right angled figures; then breaking the lines, making running patterns with rhythmic development. A number of strokes will be made with a brush, the one most attractive to the pupil will be selected and many times multiplied in various designs most skilfully done. Alphabets, monograms, circles, triangles, come along with good effect, followed by nature studies. Here various plants are portrayed with good results different forms receiving intelligent treatment.

Then comes study in tones and colors, panels in two tones, very effective, colors well handled. Another pleasing work is the selection of some favorite picture and analyzing it as to tone value giving an outline of the production. Then a working design is taken, first working it in black and white, then in colors and finally in a finished design.

A number of 90 minute sketches in oil are very worthy pieces of work showing decided talent. In black and white there are many meritorious pieces and fortunately they are well lighted showing with excellent effect. The list of subjects is varied and the work is all well done. The cast work is probably the most difficult and here the display is well worth observing. To portray white on white is no easy task and it is well done. The work in oil is varied and the list of subjects is of many kinds.

It is also just to remember that there are no graduates this year in that branch and all that is shown is by those who have not worked long but they have worked to good effect. There is in an oil painting

a quality found in no other material and it is always a pleasure to see a good list of pictures in that material. Water colors have by no means been neglected and show careful and varied work with a good amount of talent.

The poster department has been most extensively worked this year and there are many meritorious things in that line. All are to be displayed in the large reception room and they will make a showing at once gorgeous and striking. Any one wanting an original poster would do well to secure the efforts of some of these young ladies. One other department deserves more than the mere mention possible. It is that of special designing in colors and comprises wonderful work for memorial windows, rugs, carpets, stained glass work and many kinds of art most remarkably well done.

H. M. Jenkins of Georgetown was a visitor yesterday with some friends.

### A BEAUTIFUL DEED.

The children of the Josephine class taught by Miss Gertrude Ayers in State Street Sunday school, have been earning money with which to buy a children's crib for Passavant hospital. The crib is a good one and now the little folks are preparing the bedding for the crib all of which will be a very acceptable gift. The hospital management feel very grateful for the present and most of all for the spirit which animated it and it is perfectly safe to say that it has afforded the youngsters fully as much pleasure as those who have received it and those who will use it.
